ADDITIONAL FEES

Although we do try to offer a fully transparent estimate of our fees and charges for your transaction, there are inevitably certain circumstances that occur during the process that could not have been foreseen at the outset.

As noted in our initial letter, it is our policy to be as open about costs as possible and to let you know at the earliest opportunity when such situations occur so that any necessary increases can be discussed. We will always try to give you the best advice possible and attach a cost to that advice so that you are fully informed as to the options available to you.

Whilst many of these circumstances cannot be anticipated and are unique to the transaction, there are some matters that unfortunately occur quite frequently and to follow through on our commitment to give you the best possible information on costs right from the outset, we set out below the likely additional costs should any of these situations occur during your transaction.

If additional work is identified (such as that listed below) throughout the course of the transaction we will discuss this with you first and then raise an invoice for payment at that time.

Acting for the Lender on any 2nd or subsequent mortgages	£100.00
Adding Fraud Restriction	£100.00
